VALMA Preparatory Instruction and Guidance programme for VET

The VALMA Programme is aimed at young people who

- * have completed compulsory basic education or
- * have quit their vocational studies or
- * have no study place or
- * are in danger of dropping out of the educational system or
- * have immigrant background

Valma is a 1-year – program (30-60 competence points) and forms a bridge to vocational education and training. VALMA gives the possibility for the student to learn about different study options and make plans for the future, strengthen their learning skills and to improve their grades and skills in Finnish.

INTEGRATION TRAINING FOR IMMIGRANTS

EduVamia provides integration training for adult immigrants to give them better possibilities of becoming a part of the Finnish society. Integration training offers an important pathway to vocational education and training and the labour market.
